Dental practice cleaning: what we clean

Bring your clinical protocol to the walkthrough and tick each room as we go.

Practice _____ **Address** _____

Walked by _____ **Date** _____

Operatories, to your written procedure

- ☐ Floor around and beneath the patient chair
- ☐ Counters and cabinet fronts
- ☐ Sink
- ☐ Door hardware and light switches
- ☐ Operator stool
- ☐ Clinical surfaces your protocol assigns to us
- ☐ Baseboards, chair base and floor edges under cabinets, on rotation

Your protocol

- ☐ Products named
- ☐ Order of work
- ☐ Where each product is kept
- ☐ Terminal clean for one operatory or the wing, when wanted

Sterilization, imaging and lab

- ☐ Sterilization counters, sinks, cabinet fronts and floor
- ☐ Work in the direction your procedure sets
- ☐ Imaging rooms and panoramic alcoves, equipment left in place
- ☐ Lab gypsum dust lifted before surfaces are wiped

Front desk and waiting room

- ☐ Entry glass
- ☐ Waiting-room seating
- ☐ Play corner
- ☐ Beverage station
- ☐ Check-in counter, with charts and monitors left untouched
- ☐ Floors from the entry mat back to the hallway

Restrooms and staff room

- ☐ Toilets, sinks, mirrors, partitions and floor
- ☐ Paper, soap and can liners topped up
- ☐ Staff room counter, sink, table and microwave

Floor projects

- [ ] Operatory tile or vinyl scrubbed, stripped and refinished
- [ ] Waiting-room carpet extraction on a closed day
