Veterinary clinic cleaning: what we clean

Walk the clinic with your practice manager and check off each room type as you go.

Clinic _____ **Address** _____

Walked by _____ **Date** _____

Entrance and waiting room

- ☐ Entrance floor and door glass
- ☐ Waiting-room seating
- ☐ Reception counter
- ☐ Waiting-room carpet extracted and spot-treated after hours

Corridors and restrooms

- ☐ Corridors leading to the exam rooms
- ☐ Restroom fixtures, mirrors and floors
- ☐ Trash collected throughout the building
- ☐ Day porter pass for restrooms and reception during client hours

Exam and treatment rooms, to your protocol

- ☐ Accessible surfaces cleaned under the protocol your team sets
- ☐ Products and conditions taken from your clinic's instructions
- ☐ Touchpoints between visits, when that add-on is chosen

Kennels, daycare and grooming

- ☐ Kennel runs cleaned while animals are out or moved
- ☐ Daycare areas after the last pickup
- ☐ Grooming room surfaces and floor
- ☐ Own visit frequency, apart from the front office
- ☐ Kennel concrete scrubbed periodically while the clinic is closed

Staff rooms and offices

- ☐ Breakroom counter, sink and floor on each pass
- ☐ Offices and storage rooms at a lighter frequency

Floors in clinic areas

- ☐ Resilient and VCT floors scrubbed and recoated
- ☐ Burnishing between full strip-and-wax projects
- ☐ Floor work booked for closed hours so floors can dry

Have ready for the quote

- ☐ Room list by type: waiting, exam, treatment, kennel, grooming, office
- ☐ Client hours and boarding hours
- ☐ Your clinical-room protocol
- ☐ Floor material in each area

Notes
